

Changing the Shape of Support

Bodypoint reimagines the shoulder harness with the New PivotFit™ Shoulder Harness - our latest design innovation.

The PivotFit™ Shoulder Harness distributes pressure across a greater surface area than a traditional H-style harness and offers a body-contouring shape for optimal support and a comfortable fit.

	H-Style Harness	Standard	Dynamic
Facilitates improved head control	✓	✓	
Strong shoulder retraction	✓	✓	
Controls trunk rotation	✓	✓	
Non-stretch	✓	✓	
Reduced choking hazard	✓	✓	✓
Comfortable Laminar Pad™	✓	✓	✓
Durable construction	✓	✓	✓
4-points of attachment	✓	✓	✓
Available in both front- and rear-pull	✓	✓	✓
Adjustable sternum strap	✓	✓	✓
Machine washable	✓	✓	✓
NEW PIVOTFIT™ FEATURES			
High-strength swivel buckle equalizes tension for an ideal fit		✓	✓
