

Certificate of Conformance

ISO 10993-5: Biocompatibility (Cytotoxicity)

As part of its risk management, Bodypoint has verified the biocompatibility of its products in accordance with the requirements of **ISO 10993-5:2009 Biological evaluation of medical devices -- Part 5: Tests for in vitro Cytotoxicity**. Testing was performed by an independent test lab, accredited by the FDA and certified for compliance with **ISO/IEC 17025:2005 General Requirements for the competence of Testing and Calibration Laboratories**.

We certify that the following products are Non-Cytotoxic:

<u>Article Nos.</u>	<u>Product Family</u>
